K packer  
Sleeves

Assortment of blind packer plugs

## For all types of domestic water wells, boreholes and monitoring well applications.

Our Exciting new Blind K Packer plug is designed to telescopically seal PVC and fiber glass water well borehole casings and slotted well screens.

RIPE's Blind K Packer plug permits rapid deployment for fast and easy positioning and retrieval of the packer plug at any time.

RIPE's Blind K Packers may be ordered fully built complete with stainless -steel grab handle, or supplied as a K Packer sleeve alone.

Sizes available are 80NB, 100NB 125NB.  
All other sizes available on request.

Please browse our website [www.ripe.com.au](http://www.ripe.com.au) for other water well and borehole product needs such as:

Water well hydro fracture Packer systems  
Water well permeability testing packer systems  
Water well abandonment packers to termination borehole packers to  
cement grouting packers.
